Free, discounted health screenings at Mile Bluff – Delton Family Medical Center

In order to lead a healthy lifestyle, it's important to take control of your health. Knowing your specific risks for developing heart disease and diabetes can help you be proactive in making healthier life choices. Knowing your levels of cholesterol and blood pressure, and keeping those under control, may even help to add a few more years to your life.

If you would like to learn some steps you can take to better control your wellness, be sure to attend the upcoming health fair at Mile Bluff – Delton Family Medical Center. The event will be held on Thursday, March 15 from 7 to 11 am.

Free blood pressure and blood sugar screenings will be available, along with the opportunity to discuss specific risks for developing diabetes and heart disease with **Mile Bluff's healthcare professionals.** You will also have the opportunity to enjoy refreshments and win door prizes.

If you would like to have a total cholesterol test performed with no fasting required, you may do so for \$10. You also have the option to have a lipid profile worked up for only \$20; this test requires 12 hours of fasting.

Once your tests are completed, Mile Bluff's healthcare professionals will review your results with you, and will provide tips on how to reduce your risks for developing diabetes and heart disease. If areas of concern are found through these screenings, resources will be provided to help you with your needs, and all results will be sent to your primary care provider.

Insurance is not needed to take advantage of the benefits these health screenings have to offer. The information you receive from these tests, along with the educational tools you will be given, are important steps in positively impacting your health. Appointments are required for all services, so call 608-254-5888 to reserve your spot today!

Hunters may pursue white-tailed deer, gray and fox squirrel, rabbit, snowshoe hare, ruffed grouse, raccoon, turkey, and waterfowl in accordance with State and Federal regulations. There is no special refuge permit required to hunt on the refuge. However, only specific units of the refuge are open for certain game species. Non-toxic shot is also required on the refuge. Please contact the visitor center for more information: 608-565-2551.

Volunteer at Necedah NWR

Refuge volunteers are vital to the Necedah National Wildlife Refuge mission. Volunteers contribute hundreds of hours each year to help meet this mission through monitoring bird populations, leading school groups, maintaining trails, taking photos, helping in the office and repairing equipment and facilities. No special skills are needed to be a Refuge volunteer. If you have a desire to help, we need you. We hope you'll join us! The best way to find out about current volunteer opportunities is to contact the Refuge.
